Createspace, United States, 2011. Paperback. Book Condition: New. 214 x 138 mm. Language: English . Brand New Book ***** Print on Demand *****.Models is the first book ever written on seduction as an emotional process rather than a logical one, a process of connecting with women rather than impressing them. It s the most mature and honest guide on how a man can attract women without faking behavior, without lying and without emulating others. A game-changer. Inside, you ll learn: The root behavior that causes all female attraction. Why typical dating advice and pick up theory is counter-productive in the long-run. How to overcome nervousness and anxiety around attractive women. How any man can make himself appear attractive with a little time and effort. The three keys to keeping conversations with women interesting and engaging. How to discover the beliefs and attitudes that are sabotaging your success with women. How to develop a genuine and joyful sense of humor. And much more. I want to tell you that you re probably one of the few people who really got it figured out. I m only half-way through your book, and it s unbelievable how everything is making so much sense to me. Everytime I read something in your book I can relate it to some encounter I had with a girl, I now understand why I succeeded at times and failed at another. Especially the part about vulnerability. Even if I did not read the rest of the book, I already got what I paid for. Thank you Mark. - Yousif I just finished your book today, Models, and wanted to tell you that your presentation of the subject is far to superior to anything else I ve read. I ve been involved with seduction since 2006 and I ve...
