By John Daniel Runkle

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Manual Element in Education The Forty-first Annual Report of the Massachusetts Board of Education (1876-77) contains a paper with the above title; and I gladly comply with the wish of the honorable Board that I should prepare a second paper upon the same subject, embodying such additional experience as may have been gained in our School of Mechanic Arts and other similar schools, together with any information I may have been able to gather since the date of the first paper. My chief aim in this paper will be to furnish such details as may be of service to corporations or individuals, as hints or aids in the establishment of this kind of education. It is hardly worth while in this connection to consider the way that this element is to find its place in our educational system. Individual opinion may for a time have some influence in directing the current of thought upon this subject; but in the end the needs of the public will control. There is already a wide-felt impression, if...
