Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A Collection of Mystic poems by Ahmad Noman. Here is what his best friend Taryn wrote about his poetry. She is a consistent reader of his work. Ahmad Noman has been a dear friend and teacher in my life for nearly 15 years. I often refer to him as Sensei. His exploration of his path, spirituality, and connection to God is that of curiosity, wonder, questioning and listening. And the way he shares what he s heard follows the same framework so that others may continue to question and pursue their own truths. Considering his writings will open your perspective in a way that will break your mind from the narrow understanding that modern life imposes. The words name all that we struggle to understand ourselves and our place in this tribe called humanity. Those words encourage self-reflection, struggle and a challenge to scrub away the window of your soul to see what is there. They crack open the door of dark complications that closes us off to following our hearts behind it. Because behind that door is what? Curiosity, wonder, questioning and listening. Empty yourself from all opinions and just absorb, he told me recently. Ahmad s poems will inspire all of us to do just that. Though there is much for him to teach, he would insist that there is simply much more for him to learn. His writings are a place for both.
