## MEDICAL WRITING: A BRIEF GUIDE FOR BEGINNERS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Go write it up! said your mentor, sending you off with a pile of data and references (or maybe just an idea). Now what? Let this book be your friend and guide, an electronic version of the senior colleague down the hall who answers your writing questions. This book will help health care professionals through their first efforts at medical writing. Focusing on all aspects of submission of manuscripts to medical journals, it is designed to answer questions that many budding authors have. Medical Writing starts with the assumption that you have clinical material or data ready to submit for publication in a journal and takes you through the entire process. It provides a practical, systematic approach that has served me well. It includes material on editorial review, and the role of the editorial board. It is designed to serve as a handy reference and supplement to more comprehensive texts. This book is enriched by references to more than 40 authoritative Internet references within the text.
