Report on Waves: Made to the Meetings of the British Association in 1842-43 (Classic Reprint) (Paperback)

By John Scott Russell

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Report on Waves: Made to the Meetings of the British Association in 1842-43 The first of these subjects of inquiry is stated to have been to determine the varieties, phenomena and laws of waves, and the conditions which affect their genesis and propagation. It is this branch of the duty of the Committee which forms the subject of the present report. Ever since the date of that report, it has happened that the author of this has been so fully pre-occupied by inevitable duty, that it was not in his power to indulge much in the pleasures of scientific inquiry; and as the active part of the investigation necessarily devolved upon him, it was not practicable to continue the series of researches on the ample and systematic scale originally designed, so soon as he had anticipated, so that the former report has necessarily been left in a fragmentary state till now. Reviews

The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
