Tate Publishing Enterprises, United States, 2012. Paperback. Book Condition: New. 206 x 132 mm. Language: English . Brand New Book ***** Print on Demand *****.Did you ever wonder how a person becomes a corporate executive, or why some corporations are successful and others fail? you shake your head in wonderment with the rest of America when GM filed for bankruptcy? Never before has an insider spoke out about the faulty process for selecting executives, lack of business focus, and confusion that existed from continual reorganization. After a thirty-seven year career within both the automotive and component parts divisions, both in the United States and internationally; Bill has decided to share his...
