Humans were polluting the planet to desolation. What else could I do? I had to save her. When a smart-mouthed, mixed-race teen wonders why the work that needs to be done pays nothing compared to the busywork glorified on holovision news, the search for answers takes him on the wildest journey of anyone s lifetime. With the girl of his dreams, he inadvertently invents living computers. Just as the human race allows corporations to pollute Earth into total desolation, institute martial law and enslave humanity, the two teens set out to save civilization. Can they thwart polluters of Earth and other fertile planets? The heroes come into their own in different kinds of relationships in this diverse, multi-cultural romance. Along the way, they enlist the help of female droid Any Gynoid, who uncovers cutting-edge scientific mysteries. Their quest takes them through the Big Bang and back. Will Starliament tear them from the...
