HANDBOOK OF PATHOLOGY AND PATHOPHYSIOLOGY OF CARDIOVASCULAR DISEASE (HARDBACK)

Springer, Netherlands, 2001. Hardback. Condition: New. 2002 ed.. Language: English . Brand New Book Autopsy derives from the greek word autopsia, which means act of seeing with one s own eyes. It remains the most objective and accurate method to understand human disease. Unfortunately, the volume of autopsies in teaching hospitals has decreased dramatically over the past years. The crucial factors that account for this are the recent progress and development of new technologies, especially in diagnostic imaging, immunology, cell..
