Praise for The handbook of Financing Growth Once again, Kenneth Marks and company have hit the mark with a comprehensive analysis of corporate and commercial finance, which is both readable and up-to-date. This book is a must for any entrepreneur, middle-market company CFO, or graduate student looking for a thorough presentation of real world financial solutions. I highly recommend it. Barry D. Yelton, Senior Vice President and Region Manager, Federal National Payables, Inc. This is a valuable tool to anyone raising capital. Ive seen firsthand how the current environment is filled with dead ends for those seeking to grow their business. Having a blueprint for the process will save time and resources; two things any growth company can ill afford to spend. By looking at the process and explaining the various components of how capital forms, the authors provide necessary insight toward a productive effort. Anyone considering a capital raise should embark on that journey with this resource. Christopher Gaertner, Head of Technology Investment Banking, Managing Director, Merrill Lynch All principals involved in financing their growth should keep a copy of this book handy and refer to it frequently for guidance. It provides clear guidelines and case studies that can be used by any of the 27 million firms in the U. S. that want to grow. James F. Smith, PhD, Chief Economist, Parsec Financial Management Ken Marks and team have done a great service here to top management of middle-market companies, their advisors, as well as the investment community in understanding growth financing. This book is a perfect combination of being comprehensive (the glossary alone contains over 650 terms) yet very understandable. Too bad that more books written on this subject arent written the way this one is. Bob Grabill, President..
