Univ Europeenne, United States, 2011. Paperback. Condition: New. Aufl.. Language: French . Brand New Book. Depuis toujours, la comptabilite est consideree comme le tableau de bord qui guide toute entreprise dans le domaine de la gestion des affaires. Ainsi, cet ouvrage montre l importance d une production comptable organisee et reguliere, qui reflète l image reel du bon fonctionnement de l entreprise et permet d etablir un diagnostic general du plus petit detail aux grandes oeuvres realisees au sein de la societe. A partir d un flux d informations internes ou externes a l entreprise, le comptable fait le tri des informations et procede a leur enregistrement, suivant des regles precises et regulieres. Aussi, dans un souci d homogeneisation, il est necessaire de respecter les 7 principes prones par le Plan Comptable Marocain: Principe de continuite d exploitation, de permanence des methode, du cout historique, de specialisation des exercices, de prudence, de clarte et de l importance significative.
