E. Kaale

Formulation development
of generic omeprazole
enteric coated tablets

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The aim of the study was to develop enteric coated tablets that will prevent omeprazole from degradation in acidic media by applying enteric coating solutions and facilitate release of omeprazole in small intestine which can be produced by local pharmaceutical industry. Formulation development is problematic area which has been experienced during assessment of applications for registration of medicines in Tanzania. It comprises of works published in two journals titled as Pre -...
