## IN VIVO SPECKLE IMAGING OF MICROVASCULATURE AND TISSUE PERFUSION

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | From imaging instrumentation to in vivo and noninvasive imaging of microvasculature in different biomedical applications | Over past decades medical history has been witnessed for quantifying vascular changes due to tissue injury and diagnosing certain abnormal states by relative measurement of blood flow changes in microcirculation. In this context, speckle contrast imaging techniques have significant potential for in vivo, non-invasive and real-time imaging of microvasculature and tissue perfusion. The objective of this...
