

Microsoft Dynamics AX 2012 Services

By Klaas Deforche

Packt Publishing. Paperback. Condition: New. 196 pages. Dimensions: 9.2in. x 7.4in. x 0.5in. Effectively use services with Dynamics AX 2012 and create your own services Overview Learn about the Dynamics AX 2012 service architecture. Create your own services using wizards or X code. Consume existing web services and services you've created yourself. In Detail Because an ERP system like Microsoft Dynamics AX 2012 plays a central role in an organization, there will always be the need to integrate it with other applications. In many cases, services are the preferred way of doing this, and Microsoft Dynamics AX 2012 is now more flexible than ever when it comes to the creation and use of these services. Understanding these services will help you identify where they can be used, and do so effectively. Microsoft Dynamics AX 2012 Services is a hands-on guide that provides you with all the knowledge you will need to implement services with Microsoft Dynamics AX 2012. The step-by-step examples will walk you through many of the tasks that you need to perform frequently when creating and using services. Microsoft Dynamics AX 2012 Services provides detailed and practical examples for creating and using services that will make it a resource...

Reviews

This pdf is wonderful. This can be for anyone who states there had not been a well worth studying. You are going to like just how the writer writes this pdf.
-- Mrs. Adriana Schmidt V

Comprehensive information for book fans. It is one of the most amazing books I actually have read. Once you begin to read the book, it is extremely difficult to leave it before concluding.
-- Yoshiko Okuneva
