Createspace, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Students of astrology are often stymied by the daunting task of interpretation. It appears as if lots of experience and intuition are required, let alone the need for special counseling skills. Rod Suskin has produced a guide for students that removes the mystery and confusion. Based on the work of Bonatti, Morin, Lilly and Zoller, the 43 rules offer a method that distills the essence of chart interpretation. With no need for cookbooks and based firmly in the traditional principles of astrology, the rules will steer the student through a process of discerning, understanding and selecting the appropriate meanings of the planets for clear and accurate interpretation.
