Reviews

It is one of the most popular ebooks. I have studied it and I am certain that I am going to likely read it again and again in the future. I am happy to inform you that this is actually the greatest ebook I have studied in my very own life and might be the best ebook for possibly.

LAP Lambert Academic Publishing Nov 2011, 2011. Taschenbuch. Book Condition: Neu. 220x150x12 mm. This item is printed on demand - Print on Demand Neuware - In India the growth in the capital market segment is dynamic during the last two decades. The various regulatory measure taken by SEBI and the Government brought confidence in the investors and the capital market has witnessed strong growth in the past few years due to the keen interest from both the foreign institutional investors as well as domestic investors. Today, investing in capital market is quite complex and the investor should take due care while choosing the investment options. Generally the investor has to consider the fundamentals, analysis of return (pricing), and investor preference etc. before the investment decisions. For the analysis and the selection of the best security, a number of models and techniques are available and Capital asset Pricing Models are used widely to decide the risk return relationship of securities in the market. But the literature shows that the testing of the empirical validity of these models give different results in different markets. Therefore this study is an attempt to test the suitability of CAPM in Indian context by using 9 years daily data of 70 companies which has been the part of BSE - 100 Index. 204 pp. Englisch.
