She creates a world you fall into. Then you break your fingernails trying to crawl back out. -Giulia Torre, author of Wolfe Island You got to pay to play. At just twenty-two years old, Shannon Colter has everything she s ever wanted. She s an international rock star, her guitar playing is better than it s ever been, and she never has to worry about going hungry again. But behind the scenes, Shannon s world is falling apart. Her bandmates hate her, the music she used to love is driving her insane, the only escape she can find from the noise is sex, and the messiest breakup of her pre-rock-star life, Danny Whitney, just blew into town. To top it all off, the deal Shannon made with the devil just came due. Now the forces of Hell have been unleashed against her with one objective: Destroy. Hell wants her, but he wants her more. Danny Whitney is the quintessential good boy. He reads his Bible and prays. He works hard and gets good grades. He s just five weeks and one senior thesis from graduating seminary at the top of his class. But there was always something about Shannon that drove Danny a little bit crazy. Something that made him want to sacrifice everything good, just for her. Even now, five years after she wrecked his heart, he would do anything to keep her safe. Anything.
