It is just one of the most popular ebooks. It usually fails to price an excessive amount of. You will not really feel monotony at any moment of your time (that's what catalogues are for about when you check with me).

ENTER THE INFINITE (PAPERBACK)

James Van Gelder, 2016. Paperback. Condition: New. Language: English . Brand New Book. Traditionally, the study of evolution observes a slow and unconscious progression of physical adaptations stretched along multiple generations of a species. However, what if a more immediate and controllable process of evolution was apparent? When looking at Daoism, Hinduism, Buddhism, Eastern Christianity, and Tibetan Dzogchen, a common capacity is illuminated: the progression of one's perception. Enter the Infinite addresses techniques and methods utilized for stimulating states of transcendental awareness. These approaches stem from various traditions including: Tibetan Buddhism, Western Hermetics, Kundalini Yoga, Daoist Philosophy, and Egyptian Yoga. From the Back Cover: Why do certain individuals lead extraordinary lives while others seem to resonate with the mundane? How does fate determine who will have the ambition necessary in order to achieve greatness? It would appear that, only by chance, magnificent individuals emerge. However, by understanding the processes behind spirituality-the stimulation of one's existence-an individual can cultivate extraordinary potential. The fruits from knowledge can begin translating into true freedom: a metamorphosis. The elevation of a mundane individual into an extraordinary individual, a person not only with the ability to act, but with the ability to see. Enter the Infinite focuses on heaven's secret, an advantage in life that allows one to expand the possibilities of circumstance: the potential for evolution.
