By Leonard L. LaPointe

Plural Publishing Inc, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. Pierre Paul Broca was a child prodigy. Undergraduate and graduate students as well as practicing professionals and clinicians in psychology, neurolinguistics, cognitive psychology, communication science and disorders, neurology, neurosurgery, neuropsychiatry, nursing and health-related professions, and philosophy of science will be interested in this book. It is different from others like it in that it presents aspects of the personal lives of these French brains who sparked the notion of a...
