Manual of Conchology, Structural and Systematic Volume 6 With Illustrations of the Species

By George Washington Tryon

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 146 pages. Dimensions: 9.7in. x 7.4in. x 0.3in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1884 Excerpt: . . . lip deeply excavated below the suture, margin thin and sharp; columella twisted. Length, 21 mill. Unga Island, Shumagin Group, Alaska. Much resembles *Pl. declivis*, Martens, from Japan. If identical, the latter name will become a synonym. *D. Corusca*, Reeve. Pl. 13, fig. 60. Shell rather pyramidal, highly polished; upper portion of the whorls flat, clouded with reddish brown and white, lower portion more prominent, encircled with a row of irregular reddish brown dots, last whorl encircled with two rows of dots; aperture short; canal very short. Length, -75 inch. Philippines (Cuming). Two specimens only of this singular shell were obtained; it differs much from the ordinary type of *Drillia*, the form being more like a *Paphnella*, but it appears to be a thick species. *D. Vexillum*, Reeve. Pl. 13, fig. 12 (f). Shell closely ribbed, and with revolving ridges at the base; yellowish, the lower half...

Reviews

Completely among the finest book I have actually read through. It is probably the most remarkable book we have study. I discovered this book from my dad and i suggested this book to learn.

-- **Georgiana Pacocha**

This pdf will be worth buying. Better then never, though i am quite late in start reading this one. I am easily can get a enjoyment of reading through a published book.
