Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Empaths are a gift to humanity that unfortunately humanity has neglected. Empaths are the bridges between every space, gap and social need our world has. Their abilities to understand beyond the understandable provides the people around them an opportunity to achieve and thrive. Empaths are the intuitive healers and nurturers of humanity, but only if we allow them to thrive among us. The sad truth is many empaths find themselves isolated at an early age and learn to not just neglect their gifts but to actively ignore them to fit into modern society. This is the biggest mistake humanity could ever let happen, in a time where misunderstandings and poor communication has resulted in so many injustices around the world today. This book wants to help humanity take the first step in understanding empaths and embracing their importance among us. You will learn: - What exactly an empath is - The many different types of empaths there are - How to identify each type of empath - The special gifts of each empath - What each empath needs to thrive.
