Chapter I - Summary and Policy Options 5 Box 1-A - A Glossary of Testing Terminology what the test A test score is an estimate. It is based on sampling taker knows or can do. For example, by asking a sample of questions (drawn from all the material that has been taught), a biology testis used to estimate how much biology the student has learned. Tests can provide valuable information about an individuals competence, knowledge, skills, or behavior. Achievement tests are intended to estimate what a student knows and can do in a specific subject as a result of schooling. Achievement tests and aptitude tests are both instruments that estimate aspects of an individuals developed abilities; they exist on a continuum, with the former being more closely tied to specific...
