John Wiley and Sons Ltd, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book. Adolescence generally is considered a time of experimentation and increased involvement in risk or problem behaviors, including early school leaving, violence, substance use, and high-risk sexual behavior. In this volume, the authors show how individual competencies linked to well-being can reduce youth involvement in these risk behaviors. Five core competencies are emphasized:OL P:* a positive sense of self* self-control* decision-making skills* a moral system of belief* and a prosocial connectedness.The chapter authors summarize the empirical literature linking these competencies to each risk behavior, providing examples from developmental and prevention research. They highlight programs and policies in the United States and internationally that have changed one or more dimensions the core competencies through efforts designed to build individual skills, strengthen relationships, and enhance opportunities and supports across multiple developmental contexts. This is the 122nd volume of the Jossey-Bass quarterly report series New Directions for Child and Adolescent Development. The mission of New Directions for Child and Adolescent Development is to provide scientific and scholarly presentations on cutting edge issues and concepts in the field of child and adolescent development. Each volume focuses on a specific b new directionb or research topic, and is edited by an expert or experts on that topic.
