## What Makes Fire Burn? (Paperback)

---

By Walter Laplante

Gareth Stevens Publishing, 2016. Paperback. Condition: New. Language: English . Brand New Book. There are a lot of ways to start a fire: flint and steel, matches, a magnifying glass and sunlight. However it starts, all fire needs oxygen, fuel, and heat. To some, it may almost seem like magic, but there's a complicated chemical reaction taking place when a fire is lit! Readers learn what makes fire burn simply through age-appropriate language and content. Full-color photographs complement the main content and are followed by an illustrated graphic organizer that shows the process step-by-step.

### Reviews

*This publication will never be effortless to begin on studying but extremely entertaining to learn. It is probably the most incredible publication I have gone through. I realized this ebook from my mom and dad suggested this publication to learn.*
