

Bringing God Back to Earth

By John Hunt

John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, Bringing God Back to Earth, John Hunt, Religion is an essential part of our humanity. We all follow some form of religion, in the original meaning of the word. But organised religion establishes definitions, boundaries and hierarchies which the founders would be amazed by. This is perhaps more true of Christianity than most other religions, due to the short life of Jesus, his sudden death, the lack of any contemporary records. His teaching about the kingdom of God is great; it could see us through our time on earth. But his followers watered it down and soon lost it alltogether. It became a kingdom in heaven for the few, rather than one here and now for everyone. The Church, or Churches, that resulted became increasingly irrelevant, even a hindrance, to seeing it realised. Many will always find security and truth in the traditions that developed, and good for them. But for those who can't, for those who have given up on religion or never thought it worth considering, the original teachings are worth another look. If we could recover them and live by them, we could change ourselves and the world...
