THE KEY OF NOSTRADAMUS: BOOK TWO: THE CENTURIES REBOOTED (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The centuries of Nostradamus, placed in order according to the key, revealed in The Key of Nostradamus. This book contains the verses only, without commentary, as I have made comments in the first book. These have been placed, as in Nostradamus original writing, in centuries, as it is simply easiest that way. My starting point for each of the centuries is purely arbitrary, based on absolutely nothing at all. These centuries still contain 100 verses each, despite the missing verses from Century VII of the original verses of Nostradamus. I have simply indicated where these verses would go in the reorganization of the centuries. Will these verses make any more sense like this? I don't know. I don't maintain that they will, only that I do believe this to be the key, and the correct order in which the verses were originally written. Maybe there's a second part of the key that's missing, possibly one of the missing verses in Century VII. Maybe there's something else that I should have seen, and simply didn't, in the quarter of a century that I have studied them. Or maybe this is simply as good as it gets.
