Pub Date :2012-03 Pages: 357 Publisher: Northeast Normal University Press sheet: 385 Description History into the 1990s. the value of the features in China began to receive unprecedented attention. all fields are highlighted the own the characteristics of the construction. 1993. clearly stated: China Education Reform and Development Program school to run out of their own characteristics . Ten years later. in March 2004. the editorial department of the People's Education held in Jiangsu Wujiang create specialty schools forum. all over the country school principals to participate in the festival. The pursuit of a school on the school characteristics enthusiastic. newspapers and on the introduction of continuous school characteristics. some of the administrative department of education also school characteristics as a school evaluation project. Liaoning Educational Administration Institute through the network in late 2009. about the second five of Schoolmasters training topics online survey. 80% of principals chose the topic of school specialty construction as the training of the province more than 17.000 primary and secondary school principals topics. these instructions are schools want to do their own characteristics is becoming a common concern in educational theory and educational practice. and will certainly continue to be a hot issue in education reform and development process. The principal of each school wants to highlight feature of the school in their own school practice. namely the school characteristics. thereby accomplishing the characteristics of the school. From the actual situation of China's primary and secondary schools. our featured schools Rather. most of the formation of the characteristics of the school. or create a specialty schools. Many so-called specialty schools can only have certain characteristics of a particular aspect of a project...
